II. SCOPE OF WORK

1. The State shall submit a program containing the aforementioned project to FHWA with the recommendation that it be approved for construction.

The State will enter into a Project Agreement with FHWA covering the work embraced in said construction contract and will request the maximum federal funds available.

b. Should unforeseen conditions or circumstances increase the cost of said work required by a change in the extent or scope of the work called for in this agreement, the County shall be obligated to incur any expenditure in excess.

2. Prior to the solicitation of bids, the County shall deposit funds with the State in the amount determined to be necessary to match federal funds in the ratio required.

3. The County shall acquire, without cost to the State, the necessary right-of-way and hereby certifies that all necessary rights-of-way have been acquired.

4. The County shall remove from the proposed right-of-way all obstructions or unauthorized encroachments of whatever nature, either above or below the surface of the roadway, and hereby certifies that all obstructions and encroachments have been removed therefrom, prior to the start of construction.

5. The County shall not permit or allow any encroachments, except those authorized by permit, upon, or private use of, the right of way. 8. By such regulation as it may by ordinance provide, the County shall regulate parking and not permit vehicles to be left on the street in any manner other than at and parallel with the curb and to restrict parking so as to prevent conflicts with moving traffic at intersections and at such other locations as necessary.

9. The County will provide personnel to supervise construction. Construction supervision costs not participated in by FHWA shall be borne by the County. All construction project change orders are to be copied to the State.

10. The County will complete the project in accordance with approved plans and specifications and the requirements of the relevant State and federal statutes, rules, or regulations.
